Loki Clan Wolf Refuge

April 2010

Passing of Winter

With as many animals as we have, the inevitability of death is something we've had to learn to deal with, and look past as much as possible. This time, though, it's different. Tonka and Yuma arrived at the Refuge thirteen and a half years ago and have always been very special; their passing was a very sad event. Atlas, also has passed on after a very happy life at LCWR. Majestic in every

Katana

Moon

sense, he was always the most popular animal here. The empty spaces these three leave behind will last a little longer...

Otherwise, the winter wasn't a bad one, though we never knew what kind of weather was around the corner. We were able to complete the new pen, much to the delight of Ateame and Aquilla who now call it home. As the season winds up, we're storing our winter gear and looking forward to those warm summer months.

New Arrivals

Dukan came up from Massachusetts, where he'd become too large to handle for his family and where wolf-dogs are illegal. He's in with Max and company.

The owner of Bear and Katana passed away and the family brought the pair to the Refuge so that they could stay together. They're settling in with Tewa and Tell.

Keta finally has a permanent home after being adopted out many times. She's now with Wyah, Cora, Tocut and Takoda and very happy. She has a playful personality that comes out among friends.

Moon was a stray in Rhode Island before arriving at the Refuge. Not aggressive, but stand-offish — so far he'll come up and touch, but won't yet allow us to touch him. A work in progress.

Finally, Cochise has moved in with Ishta so that Ishta won't be alone with Atlas gone. Cochise has since designated himself as the Refuge's official greeter.

New Website

Our brand new website should be live soon, check it out! The Angelfire site is already down, so please be patient — it'll be worth the wait.

Myrtle On Tour

On April 17th, Myrtle had a booth at the Discover Wild NH Day in Concord. More than 3,000 people attended and there was a lot of interest in wolves and the Refuge.

Coming up, Myrtle will be doing a presentation at the Maine Wildlife Park in Gray, Maine from 11:00 am to 2:00 pm on May 22nd. We'd love to see you there!

The Refuge would like to thank Stephanie Piro and Debbie Christie from the Goodwin Library for having a Benefit for the LCWR, and the wonderful performers for their time and works. Also, thanks to Lou Raymond, Director of the Habitat for Humanity in Charlestown, RI, for donating a freezer to the Refuge

Dukan

to help keep food for our animals.

Erica Reflects

Majestic. Peaceful. Tranquil. Those are just a few words that come to mind to describe the winter time at the wolf refuge. It's amazing to see the changes in the animal's coats—from summer to winter—in thickness and color. They barely sink into the snow as they gracefully maneuver through the trees. The main paths are packed down so walking around is no different than in the summer, except for the cooler temperatures. If you've never visited in the winter, I suggest you plan a trip for the next. This was my first winter at the Refuge and it definitely won't be my last.

Bear

Summer Fence Parties!

On the 2nd Saturday of each month from June through October we'll be gathering for food, fun and fence (raising)!...

- Come join us on**
- June 12th**
- July 10th**
- August 14th**
- September 11th**
- October 9th**
